

# Alira X

## Reverse Cycle Split System

ENERGY RATING			
6.0 ★	HOT climate	4.0 ★	
5.5 ★	AVERAGE climate	3.5 ★	
6.0 ★	COLD climate	3.0 ★	

25 Class Model

## A REFLECTION OF QUALITY

Alira X is a step ahead of the rest, delivering a perfect fusion of whisper quiet comfort, industry-leading energy efficiency and indoor air quality technology.

### Perfect fusion

R32 Alira X is a perfect blend of progressive design aesthetic, superior energy performance & indoor air quality technology.

### Advanced purification

Fitted with three layers of filtration; prefilter for large particulates, enzyme blue deodorising filter for odours and Daikin's Streamer Technology for powerful oxidative decomposition of pollutants.

### Mould-proof operation

Activates after cooling or dry operation to prevent the build up of mould and odour.\*

### Built-in Wi-Fi

Connection to Daikin's Mobile Controller smartphone interface is now included.

### Intelligent comfort

The 2-Area Intelligent Eye\*\* helps prevent cold draughts and enables energy saving operations when the room is unoccupied.

### Coanda airflow

Discharge louvres are designed to stream air upwards along the ceiling for rapid cooling and uniform temperature distribution.

## Technology

### IMPROVED ODM MOTOR

Improved compact 14 pole DC outer diameter rotor motor encased in rubber vibration dampeners delivers higher torque more efficiently than before while ensuring whisper quiet operations.

### REDESIGNED DUAL LOUVRES

Large dual louvres with aerodynamic end vanes help reduce turbulence for draught free comfort with longer throw distances of up to 10m (50-71 Class).

### HUMIDITY SENSOR

Monitors humidity to accurately control supply air temperature for comfortable and effective dehumidification of the room during Program Dry Function operation.

### STREAMER TECHNOLOGY

Discharges high speed electrons generating powerful oxidative decomposition that has been proven to eliminate more than 99.6%<sup>^</sup> of pollen in 2 hours, 99.9%<sup>^^</sup> of mould in 24 hours and 99.61%<sup>^</sup> of allergens in 24 hours.

\* Mould-proof operation function can be toggled (On/Off) via the wireless controller

\*\* 2-Area Intelligent Eye only applicable to 20-46 Class Models

<sup>^</sup>Verified at Wakayama Medical University with the following test condition: Irradiated allergens with Streamer & checked decomposition of allergen proteins by either the ELISA method, electrophoresis or electron microscopy.

<sup>^^</sup>Verified at Japan Food Research Laboratories using antibacterial test/mould elimination test (test number: 204041635-001).

ZERL (Residential) refers to 'Zoned Energy Rating Label' residential star rating as outlined in the GEMS 2019 Determination.

## Notes:

- The Rated Capacity, Power Input and Running Current are determined under conditions T1 (cooling) or H1 (heating) of AS/NZS 3823.1.1  
Cooling: Indoor temp: 27°CDB/19°CWB, Outdoor temp: 35°CDB/24°CWB  
Heating: Indoor temp: 20°CDB/15°CWB, Outdoor temp: 7°CDB/6°CWB
- The cooling (or heating) output capacity will be reduced below the rated value as the outdoor temperature approaches the maximum (or minimum) outdoor temperature operating range limit.
- The specifications, designs & information in this flyer are subject to change without notice. Unit colours shown are as close as possible to actual unit colours. Colours depicted in this flyer may vary slightly.
